

## Cameron Pittman

Course Developer

---

**I love web development!** This is a template for a simple portfolio. I decided to use it to showcase a few Udacity courses I've taken and some teaching work, but you can use it to showcase any kind of project that you want the world to see :)

Contact me: [me@email.com](mailto:me@email.com)

---

[Build Your Own 2048! \(project-2048.html\)](#)

*I made my own version of 2048. How cool is that!?*

[Website Performance Optimization \(project-webperf.html\)](#)

*Hey... this class looks familiar.*

[Mobile Web Development \(project-mobile.html\)](#)

*Making mobile apps isn't so hard after all.*

[Cam's Pizzeria \(views/pizza.html\)](#)

*Who wants a performant pizza?*
